CLAIM TO FAME

Shayna's sharp eye and keen insight were instrumental in her ability to bird-dog tear downs for LA developers, thereby quickly garnering her an excellent reputation in that niche in the market place. She is strategic in finding patterns, filling the void and providing solutions "I help my clients sell/buy real estate and guide them in deferring capital gains tax." Her new alliance with Keller Williams Mission Viejo increases her outreach and ability to market her listings exponentially. "I have a presence in both counties. I don't wait for the inquiry, I am the inquiry!"

SHAYNA LEE, KELLER WILLIAMS LUXURY HOMES INTERNATIONAL

Shayna Lee has hit the ground running, quite literally, since she burst onto the LA real estate scene several years ago. "I'm from Australia, so every client started out as a stranger. I knocked on thousands of doors to find my now plentiful clientele." From her childhood years of pouring over the Sunday real estate section, to remodeling and selling her first home in LA for a considerable profit, to now selling premium properties, Shayna's real estate star is rising. Her die hard level of commitment, tenacity during complicated negotiations and bespoke level of service, will surely cement her status as a significant power player in the LA Westside luxury residential market in the ensuing years.
